

To Our Friends

O. D. PACK, Manager

Season 1956 - 1957

Again it is our pleasure to thank the many satisfied customers who buy nursery stock from us each year. You have shown confidence in us, and we assure you that we spare no effort to supply you with the most dependable nursery stock that money can buy. We endeavor to give you first-class stock at popular prices.

We especially wish to express our thanks to the loyal customers who have recommended us to their friends and neighbors. This splendid cooperation enabled us to serve many new customers the past year. All business is appreciated, and we take pride in handling each and every order.

We are glad to announce that we are preparing for irrigation this season, which will assure you of better trees in case of drought.

Sincerely,

O. D. PACK, Manager

Pack True-To-Name Nursery

TERMS AND CONDITIONS OF SALE

Please Read Carefully Before Ordering

Our ultimate goal is to offer you the very best, both in price and in quality trees and berry plants. That deserves your consideration. Having years of experience, together with mass production makes it possible to offer you quality stock at these new low prices.

Twenty percent of the total amount of your order is requested at the time you send us the order. Use our regular order blank if available; if not use plain paper.

Prices quoted F.O.B. McMinnville.

We are prepared to mail you an acknowledgment the same day your order is received. Prices in this catalogue may be changed without notice.

TERMS

Remit by money order or check; unregistered currency is sent at your risk.

Send remittance for full amount of order. It saves us a great deal of office labor and saves you collection fees on balances sent C.O.D.

A deposit of 20% is required with all C.O.D. orders.

SALES TAX

TENNESSEE customers please add 2% to your order to cover the state Sales Tax.

TRANSPORTATION

All orders will be shipped by Express or Parcel Post. Freight is not generally recommended.

Large orders will be sent by express collect. Small packages by Parcel Post.

We have some stock not quoted in this price list. Please advise us of your requirements if you do not find some listed.

Bear this in mind when purchasing nursery stock

from us, that better stock cannot be had at any price, and remember, too, that we propagate only from tested orchards, and do guarantee that every tree or plant is true to its label and to be of the best full fruiting strain.

SPECIAL 5% DISCOUNT

ON ALL ORDERS RECEIVED ON OR BEFORE JUNE 10TH. THIS WILL HELP US TO WORK OUR SCHEDULE OF VARIETIES.

NEW KEYSTONE PEACH

Peach Trees, June Budded

Our Specialty Is Doing Custom Propagating and Growing

For this service — send us list of your needs before June 10th

LISTED IN RIPENING ORDER FROM EARLIEST TO LATEST. HOWEVER, SOME VARIETIES DO OVERLAP OTHERS.

- Mayflower—Earliest. White flesh, clingstone. Bright red color.
- Early Bird—Large, red, firm. White flesh clingstone.
- Red Bird—Attractive bright red. White flesh clingstone.
- Early East—Yellow flesh clingstone. Medium size, firm, good shipper.
- Jerseyland—Yellow flesh freestone. Medium to large size. Excellent for clay soil.
- Hiland—New variety, formerly FV 123-41, ripens a day earlier than Cardinal or 5 days earlier than Dixired. Clingstone, medium size, ovate, with very light pubescence. Attractively colored, light red blush covering about one half the surface at the shipping ripe stage. The flesh is yellow, fairly firm, medium texture, and of good flavor. Favorite for Southern planters.
- Cardinal—Yellow flesh clingstone. Medium size, resembles Dixired. Ripens 5 days earlier than Dixired.
- Redcap—New variety, formerly FV 121-58, ripens a few days earlier than the Dixired, clingstone, medium size, round with light pubescence (similar to Dixired), three-fourths of surface is covered with a bright, attractive red blush. Yellow flesh firm but melting, medium texture, good flavor.
- Dixired—Medium size, yellow flesh clingstone. Firm, good flavor, red blush covering three-fourths of surface.
- Redhaven—Good size, red color. Yellow flesh Freestone. Favorite commercial variety.
- Dixigem—Yellow flesh freestone. Red blush on yellow background, medium size, fine texture, excellent flavor, good shipper.
- Golden Jubilee—Yellow flesh freestone, good size and quality.
- Triogem—Large, golden, yellow flesh, freestone. One-half to three-fourths surface bright red.
- Sunhigh—Large, yellow flesh, freestone. Lemon skin blushed bright red.
- Southland—Large, yellow flesh, freestone. Firm, three-fourths surface bright red.
- Halehaven—Good size and color, yellow flesh freestone. Favorite commercial variety.
- Golden East—Large yellow flesh, freestone. Firm, highly colored.
- Burnet Elberta—Earliest and reddest Elberta known. Freestone.
- Sullivan's Early Elberta—Best early Elberta. Freestone.
- Belle of Georgia—White flesh freestone.
- J. H. Hale—Large yellow flesh, freestone. Firm. Favorite commercial variety.
- Hale Gold—Yellow flesh freestone. Colored lemon yellow blushed with red.
- Regular Elberta—Yellow flesh freestone. Old favorite.
- Shipper's Late Red—Large, round, yellow flesh, freestone. Attractive red coloring.
- Ambergem—Yellow flesh clingstone, firm, medium size
- Late Gem—Yellow flesh freestone, firm, bright red surface.
- After Glow—Yellow flesh freestone, well colored, firm, large.
- Keystone—The flesh is yellow, firm, smooth texture, good flavor. Released at Fort Valley experiment station, a cross between Newday and Southland. Ripens a week earlier than Southland. (See photo)
- Coronet—The fruit is medium sized, the flesh is yellow, firm, but melting smooth textured and of good mild flavor, slightly earlier ripening than Dixigem, it is recommended for trial planting that it will eventually replace the variety.
- Blake Elberta Type—Ripening with Sullivan Early Elberta, much more redness.
- Red Globe—Another new Elberta type of peach
- Red Skin—The name indicates the description and variety.
- Ranger—A new variety with us.
- Vedett—Grown-by Pack for the first time.
